

If a student tests positive...

Student can come back after 5 days if they have RESOLVING SYMPTOMS (don't feel sick) (regardless of vaccination status). Student needs to adhere to strict mask wearing

OR

RECOMMENDED

Student takes a rapid test (provided by school) on the evening of Day 5.

If NEGATIVE, returns to school.
If POSITIVE, stays home for 5 more days.

If a student has a close contact at school that tests positive...

...and student is vaccinated

Student can come to school, but we monitor symptoms

...and student is unvaccinated

Student is part of Test and Stay program for 5 days (rapid tested each day)

If a student has a household member that tests positive...

...and student is vaccinated

Student can come to school, but we monitor symptoms

...and student is unvaccinated

If student can isolate from positive person, can return after 5 days of quarantine

If cannot isolate from positive person, quarantine starts on positive person's day 6 and must quarantine for 5 days (total of 10 days)
